REINTEGRATION HANDBOOK

WELCOME HOME!

Dear Service Members and Family Members,

You and your families have made a tremendous sacrifice. While you courageously served our Country, your families proudly stayed at home to handle the day to day affairs, while wondering and worrying about your success and safety in the war zone. Our community wants to sincerely thank you for your service and sacrifice to our Nation.

Reunions can be both happy and stressful. Enclosed in this handbook is a complete listing of organizations and pertinent information that is intended to make this homecoming go as smoothly as possible. Specifically, community organizations who can support you during this time of transition, education about what to anticipate during the reintegration process, and a 12 month action plan to assist you and your family in achieving your desired goals over the next year and beyond.

The Southern Oregon community cares very much about it's Servicemembers and their families. In the coming months should there be a need beyond what this handbook can provide, please contact any of the organizations listed and you will be connected with the appropriate service. You and your family have served our Country well, now it is our turn to serve you!

Sincerely,

VA Southern Oregon Rehabilitation Center and Clinics

HOME COMING AFTER DEPLOYMENT

Expectations, Worries and Strategies

With deployment, comes change. Knowing what to expect and how to deal with changes can make homecoming more enjoyable and less stressful. Below are some hints you might find helpful.

Expectations for Service Members:

- You may miss the excitement of the deployment for a while.
- Some things may have changed while you were gone.
- Face to face communication may be hard at first.
- Sexual closeness may also be awkward at first.
- Children have grown and may be different in many ways.
- Roles may have changed to manage basic household chores
- Spouses may have become more independent and learned new coping skills
- Spouses may have new friends and support systems.
- You may have changed in your outlook and priorities in life
- You may want to talk about what you saw and did; others may not want to listen, or you may not want to talk about it when others keep asking.

Expectations for Spouses:

- Soldiers may have changed.
- Soldiers, used to the open spaces of the field, may feel closed in.
- Soldiers also may be overwhelmed by noise and confusion of home life.
- Soldiers may be on a different schedule of sleeping and eating (jet lag).
- Soldiers may wonder if they still fit into the family.
- Soldiers may want to take back all the responsibilities they had before they left.
- Soldiers may feel hurt when young children are slow to hug them.

What Children May Feel:

- Babies less than 1 year old may not know you and may cry when held.
- Toddlers (1-3 years) may hide from you and be slow to come to you.
- Preschoolers (3-5 years) may feel guilty over the separation and be scared.
- School age (6-12 years) may want a lot of your time and attention.
- Teenagers (13-18 years) may be moody and may appear not to care.
- Any age may feel guilty about not living up to your standards.
- Some may fear your return ("Wait until mommy/daddy gets home!").
- Some may feel torn by loyalties to the spouse who remained.

Tips for Reunion

Reunion is part of the deployment cycle and is filled with joy and stress. The following tips can help you have the best possible reunion.

Tips for Service Members:

- Support good things your family has done.
- Take time to talk with your spouse and children.
- Make individual time for each child and your spouse.
- Go slowly when re-establishing your place in the family.
- Be prepared to make some adjustments.
- Romantic conversation can lead to more enjoyable sex.
- Make your savings last longer.
- Take time to listen and to talk with loved ones.
- Go easy on partying.

Tips for Spouses for Reunion:

- Avoid scheduling too many things.
- Go slowly in making adjustments.
- You and your soldier may need time for yourself.
- Remind soldier he or she is still needed in the family.
- Discuss splitting up family chores.
- Stick to your budget until you've had time to talk it through.
- Along with time for the family, make individual time to talk.
- Be patient with yourself and your partner.

Tips for Reunion with Children:

- Go slowly. Adapt to the rules and routines already in place.
- Let the child set the pace for getting to know you again.
- Learn from how your spouse managed the children.
- Be available to your child, both with time and with your emotions.
- Delay making changes in rules and routines for a few weeks.
- Expect that the family will not be the same as before you left; everyone has changed.
- Focus on successes with your children; limit your criticisms.
- Encourage children to tell you about what happened during the separation.

Final Word

Experiment with different ways of reconnecting with your loved ones and find which ones are the most helpful to you. Practice these suggestions, because like other skills, they work better with practice. If needed, talk to a counselor or to a doctor about your concerns. Reach out to people in the VA, the Vet Center, your friends, family, and your community. **Remember, you are not alone!**

VA Southern Oregon Rehabilitation Center and Clinics (SORCC) White City, Oregon

The VA Southern Oregon Rehabilitation Center & Clinics (VA SORCC) is a national resource for Veterans, demonstrating excellence in leadership, rehabilitation, and healthcare with compassion, competency and commitment. As VA's only free standing Rehabilitation Center, the SORCC serves as a regional and national resource for underserved special populations, e.g., homeless, chronically mentally ill, and substance abusers, providing quality residential treatment in psychiatry, addictions, medicine, bio-psychosocial, physical and vocational rehabilitation. Exemplary primary outpatient medical and mental health care is offered to Veterans living in the southern Oregon and northern California regions.

Primary Care

Primary Health Care involves a health care professional who will partner with you to take care of all of your general health care needs. Primary Care Mental Health Integration and Telehealth programs are also provided.

Social Work Service

Home Based Primary Care
Grant/Per Diem Program
Housing & Urban Development/VA Supported Housing Program (HUD/VASH)
Home Health Aide/Contract Adult Day Care
Community Residential Care Placement Services
Community Nursing Home Program
Outpatient Primary Care Triage

Vocational Rehabilitation

Services include an evaluation, a rehabilitation plan, short-term skills training, and placement with employers in the local community resulting in permanent full-time employment

Residential Care

The VA SORCC emphasizes rehabilitation as it provides a 6-9 month residential care program in a safe environment to Veterans, who need treatment for mental illness and substance abuse.

www.southernoregon.va.gov

Substance Abuse

SORCC Residential Substance Abuse Treatment Program (SATP) offers intensive residential and outpatient treatment programs.

Mental Health/Psychology

Medication management
Individual /Group Therapy
Suicide Prevention
Cognitive Rehabilitation
Telehealth

Women's Program

The Women Veteran Program assists Women Veterans with the planning and coordination of VA Health Care Services at VA Medical Centers and Outpatient Clinics.

MST (Military Sexual Trauma)

MST treatment addresses gender and/or sexual orientation pressure or threats, sexual assault and/or rape.

VA-SORCC Chaplain's Office

Offers support for returning Servicemembers and their families. Both individual and couple's counseling is available by appointment.

CIP (Community Integration Program)

Provides services to Veterans focusing on strengths, abilities, needs and desires. Criteria to be a part of CIP includes having no recent history of significant behavior problems, able and willing to participate, able to request help when needed and be free from Benzodiazepines and Opiates.

Recreation Therapy

Any outpatient can ask for a Recreation Therapy Consult from their primary care provider. This gives Veteran's access to all of our programs and facilities. (Golf course and driving range would still cost money) Veteran's could however come and use the game room, craft shops, bowling lanes, water exercise class, gym exercise class (6 weeks max). Veteran's could join often station activities, trips, bike rides, raft trips, skiing/snow shoeing, fishing etc.

Veterans Justice Outreach

The purpose of the Veteran Justice Outreach Initiative (VJO) is to avoid the unnecessary criminalization of mental illness and extended incarceration among Veterans by ensuring that eligible justice-involved Veterans have timely access to VHA mental health and substance abuse services when clinically indicated, and other VA services and benefits as appropriate.

VA Family Caregiver Support Program Overview

Family Caregivers are the devoted individuals who care for our Veterans; who live with war injuries, are chronically ill, or aging. Often, without a Caregiver, Veterans may not have the ability to remain in their own home. Caregivers help with a wide range of needs including, but not limited to, physical and emotional support and assistance with access to health care. The VA is making a strong effort to recognize the daily, selfless challenges of the Caregivers who support our Veterans. Family Caregivers of eligible Veterans of all eras may qualify for: skilled nursing, vehicle modification, home health aide, aid and attendance, home based primary care, support groups, medical equipment, up to 30 days of respite care per year, home modification, and education and training on care giving.

Family Caregivers of eligible Veterans seriously injured on or after September 11, 2011 may qualify for: all of the services available listed above, monthly caregiver stipend, CHAMPVA healthcare coverage, mental health services, at least 30 days of respite care per year including during required training, travel lodging and per diem as required during training, travel lodging and per diem during Veteran medical appointments.

Operation Enduring Freedom/Operation Iraqi Freedom/ Operation New Dawn Program (OEF/OIF/OND)

“Our Turn to Serve You”

- Serves as a point of contact for all **OEF/OIF/OND Veterans** entering the VA system. Veterans who have served in Iraq, Afghanistan, or other ‘hostile fire’ areas included in the Global War on Terror since 9/11/01. Our program also provides services to those who participated in ‘designated combat zones’ dating back to 11/11/1998.
- All OEF/OIF/OND Veterans are assigned to the **Post Deployment Health Clinic**. This multi-disciplinary team approach provides comprehensive Primary Care, Mental Health Care, Case Management, Addiction Therapy, Suicide Prevention, Cognitive Rehabilitation, and Vocational and Recreational Therapy.
- OEF/OIF/OND Staff Provides **Case Management** to all seriously and non-seriously ill or injured Veterans who require additional, ongoing support.
- OEF/OIF/OND Staff assist with **Referrals and Advocacy** to support OEF/OIF/OND Veterans accessing services within VA SORCC and the local community.

5 Years of Enhanced Health Care: Veterans who served in a theater or combat operations after November 11, 1998 and who were released under other conditions other than dishonorable discharge, are eligible to receive cost-free or low-cost VA health-care for combat-related conditions and enhanced enrollment priority for five years after separation from active duty. After five years, services are still available for a co-pay, based on income and/or as these services directly relate to the Veteran’s service connected rating and condition(s).

“Combat Veteran” benefits include:

- Enrollment in Priority Group 6, unless eligible for enrollment in a higher priority group. These individuals will not be charged co-pays for medications and treatment potentially related to their combat service.
- Cost-free or low-cost care and medications for conditions potentially related to combat service.
- Access to VA’s medical benefits package
- One-time Dental Care **within 180 days** of separation from active duty status

Enroll in-person, by mail or at at the VHA facility in the area where you desire to access care (White City VA address listed above) or complete VA Form 10-10 EZ, “Application for Health Benefits” at: www.va.gov/healthbenefits/apply. **Include copy of your DD-214 (military separation document) at time of registration, in-person or email.**

VA Services & Benefits Offices

Grants Pass Vet Center
 211 S.E. 10th Street, Grants Pass, OR 97526
Hours of operation: 8:00am-4:30pm, Monday thru Friday. After hour appointments are available upon request.

The primary mission of the Vet Center is to seek out veterans suffering life readjustment problems related to their combat experiences, or as a result of sexual assault or harassment occurring while on active duty. Vet Centers provide free individual and marriage counseling and referral services to facilitate a successful readjustment to civilian life. Vet Centers are also 100% confidential. We do not share any information with the VA or DoD.

Bureau of Labor and Industries

119 N. Oakdale Avenue, Medford, OR 97501
BOLI's mission is to protect employment rights, advance employment opportunities, and protect access to housing and public accommodations free from discrimination. BOLI's four principal duties are to: 1) protect the rights of workers and citizens to equal, non-discriminatory treatment through the enforcement of anti-discrimination laws that apply to workplaces, housing and public accommodations; 2) encourage and enforce compliance with state laws relating to wages, hours, and terms

and conditions of employment; 3) educate and train employers to understand and comply with both wage and hour and civil rights laws; and 4) promote the development of a highly skilled, competitive workforce in Oregon through apprenticeship programs and through partnerships with government, labor, business, and educational institutions. We also have a memo of understanding with the military in relationship with apprenticeship and direct entry for Veterans and the capability of writing individual training programs so that military members can access their educational benefits for apprenticeship purposes.

Addictions Recovery Center

The Addictions Recovery Center is a private 501 (c) (3) nonprofit (residential and outpatient) addiction treatment provider approved by Oregon Health Authority. The ARC has been providing addiction treatment and recovery services in Southern Oregon for 4 decades. Our team of 50 staff and contractors includes 20 clinical service providers all of whom have the requisite training and background in Chemical Dependency Services. Our services

include a complete continuum of care from drop in sobering to transition housing for women, men and families. We provide residential and outpatient chemical dependency treatment services including utilizing evidence based practices that are gender specific and are appropriate for dually diagnosed and criminal justice referred populations. Treatment, transition housing, and mental health respite services available to Veterans.

Military OneSource

Military OneSource is a free service provided by the Department of Defense to service members and their families to help with a broad range of concerns including money management, spouse employment and education, parenting and child care, relocation, deployment, reunion, and the particular concerns of families with special-needs members. They can also include more complex issues like relationships, stress, and grief. Services are available 24 hours a day—by telephone and online. Many Military OneSource staff members have military experience (Veterans, spouses, Guardsmen, Reservists), and all receive ongoing training on military matters and military

lifestyle. The program can be especially helpful to service members and their families who live at a distance from installations.

Medford Gospel Mission

125 W. Jackson St., Medford, OR 97501
The Medford Gospel Mission was established in 1959 as a result of many concerned people in our community for the homeless and poor. Concerned individuals gathered daily to prepare and serve meals as well as give away clothing to people in need. Nightly local pastors came and preached the Good News of the Gospel of Christ to all who would listen. Over fifty years have passed and we are still at it. Still cooking three meals a day, providing showers and toiletries to those in need, giving away clothing to anyone that needs a hand up, relying on volunteers in the community to help us in the work of caring for people in need, and still providing everything free of charge to all who are in need. We also provide various long-term and short-term Spiritual Growth Programs. We have developed programs for men and women that are designed to produce mature believers that are active in local churches in our community. We also have a program that works with young mothers that teach parenting skills.

We desire to provide some options for relationship healing and growth to the soldier, their spouse, and their families. Examples of these options include, but are not limited to:

- Marriage enrichment (retreats, date nights w/childcare, etc.);
- Family fun time (family camp at a ranch, guided fishing trips, golf, etc.);
- Practical helps (car care, parenting classes, financial counseling, etc.)

These opportunities would be provided for free or at a greatly reduced cost to the soldier and their family.

Center for Suicide Prevention

3587 Heathrow Way, Medford, OR 97504

ColumbiaCare's Center for Suicide Prevention offers Applied Suicide Intervention Skills (ASIST) workshops throughout Oregon and coordinates the state network of ASIST trainers. Applied Suicide Intervention Skills Training (ASIST) is the most widely used suicide intervention skills training in the world. ASIST is a two-day intensive, interactive and practice-dominated course designed to help caregivers recognize suicide risk and learn what to say and do to prevent the immediate risk of suicide. The workshop, designed by Living Works Education, Inc., is for all gatekeepers (any person in a position to help others at risk of suicide). This includes professionals, paraprofessionals and laypeople. ASIST has been reviewed and approved for inclusion on the State of Oregon's Addictions and Mental Health Services' Approved List of Evidence Based Practices and is a recognized Best Practice listed with the SPRC/AFSP Best Practices Registry for Suicide Prevention. We also provide Response, a comprehensive high-school-based suicide prevention program. In addition to offering Response and ASIST, we provide consultation regarding training development and curricula design services for a variety of clients, suicide screening in primary care settings, and Crisis Resolution Centers, a less costly alternative to acute hospitalization, are also developed and operated through the Center.

Coalition to Salute America’s Heroes

Contact: Cpl. Donny Daughenbaugh – National Spokesman/Director of Events. Fill out form online for assistance.

Coalition to Salute America’s Heroes assists those that are severely wounded or injured while serving in OEF, OIF, OND. Emergency financial aid is our main method of assistance but we also have a family support network where we try to link families with other service agencies that specialize in certain fields. We offer several other programs including: Road to Recovery, Continuing Education Program, and Partner Appreciation Program. Our Partner Appreciation Program enables wounded soldiers or their spouses to work from home while helping or going through a recovery program.

A SUMMARY OF VA BENEFITS FOR NATIONAL GUARD AND RESERVE PERSONNEL

THE FOLLOWING INFORMATION IS VALID AS OF APRIL 2008

Department of Veterans Affairs

Mission: To Care for Him Who Shall Have Borne the Battle and For His Widow and His Orphan - Abraham Lincoln

VA Benefits and Selected Reserve and National Guard Members

- Health Care
- Compensation and Pension
- Education & Training Benefits
- Vocational Rehabilitation & Employment
- Home Loans
- Life Insurance
- Burial Benefits
- Dependents' and Survivors' Benefits

Eligibility for Reservists/National Guard Members

The primary factor in determining basic eligibility for VA benefits is "veteran status," which is established by active military, naval, or air service and a discharge or release from active service under conditions other than dishonorable.

Reservists who have served honorably on active duty establish veteran status and may therefore be eligible for VA benefits, depending on the length of active military service and other eligibility factors. In addition, reservists who are never called to active duty may qualify for some VA benefits.

Health Care

Generally veterans must be enrolled in the VA healthcare system to receive health care services. Reservists and National Guard members activated for federal duty may qualify for a number of health care services provided by VA.

- Hospital, outpatient medical, dental, pharmacy and prosthetic services
- Domiciliary, nursing home, and community-based residential care
- Sexual trauma counseling (enrollment not required)
- Specialized health care for women veterans
- Health and rehabilitation programs for homeless veterans
- Readjustment counseling (for combat veterans and enrollment not required)
- Alcohol and drug dependency treatment
- Medical evaluation for military service exposure, including Gulf War, Agent Orange, Ionizing Radiation, and certain other environmental hazards (enrollment not required.)

Combat Veterans Eligibility for VA Health Care Benefits has been extended

Under previous eligibility rules, combat veterans who served in a theater of combat operations after November 11, 1998 were eligible to be enrolled in Priority Group 6 and receive cost-free or low-cost health care for two years after discharge for conditions potentially related to combat service.

The law has changed to extend eligibility for VA health care for eligible combat veterans! On January 28, 2008, the National Defense Authorization Act (NDAA) became law. This new law extends health care eligibility for combat veterans as follows:

Currently enrolled veterans and new enrollees who were discharged from active duty on or after January 28, 2003 are eligible for the enhanced benefits, for 5 years post discharge.

Veterans discharged from active duty before January 28, 2003, who apply for enrollment on or after January 28, 2008, are eligible for the enhanced benefit until January 27, 2011.

Compensation and Pension Benefits

VA administers two tax-free monetary benefits based on disability and/or age. Compensation: VA can pay you monthly compensation if you are at least 10% disabled as a result of your military service.

Pension

You can receive a monthly pension if you are a wartime veteran with limited income, and you are permanently and totally disabled or at least 65 years old.

Time Limits: There is no time limit to apply for Compensation and Pension benefits.

Education

Selected Reserve and National Guard members may be entitled to education benefits under the Montgomery GI Bill – Selected Reserve (Chapter 1606) and/or the Reserve Education Assistance Program (REAP/Chapter 1607).

Complete information is available at: www.gibill.va.gov

Dependents' and Survivors' Benefits

The Department of Veterans Affairs (VA) offers a wide range of benefits and services for the surviving spouse, dependent children and dependent parents of deceased veterans and military service members.

Complete information is available at: www.VA.gov/OPA/personaldependent_survivor.asp

Vocational Rehabilitation and Employment

Service-disabled veterans may qualify for rehabilitation and employment assistance including: job search, vocational evaluation, career exploration, and vocational training, education, and rehabilitation services. If enrolled in an education or training program, VA will pay for the participant's tuition, fees, books, tools, and other program expenses as well as provide a monthly living allowance.

VA Life Insurance

National Guard and Reserve Personnel are eligible to receive Servicemembers' Group Life Insurance (SGLI), Veterans Group Life Insurance (VGLI), and Family Group Life Insurance (FGLI). They may also be eligible for Service-Disabled Veterans Insurance (RH) if called to active duty, injured, and have a service-connected disability.

Home Loan Guaranty

VA guarantees loans to purchase a home, manufactured home and certain types of condominiums; or to build, repair, and improve homes. This benefit may also be used to refinance an existing home loan. Certain disabled veterans can receive grants to have their home specially adapted for their needs. Native Americans living on Federally recognized Trust Land may qualify for a direct home loan. Basic eligibility requirements for the home loan benefit are:

Selected Reserve or National Guard When eligibility is based solely on reserve or guard service, the individual must have completed at least six years of honorable service. Eligibility may also be established if an individual was released prior to six years service due to a service-connected disability.

Active Duty – Reservists and National Guard members who are activated and serve under title 10 are eligible if they were activated after August 1, 1990, served at least 90 days, and receive an honorable discharge. Eligibility based on current activation begins after 90 days of active service.

VA Eligibility Center - Certificate of Eligibility Toll-free - 1-888-244-6711

Burial Benefits

Burial benefits for veterans may include a gravesite in any of our national cemeteries with available space, opening and closing of the grave, perpetual care, a government headstone or marker, a grave liner for casketed remains, a burial flag, and a Presidential Memorial Certificate, at no cost to the family.

VA can pay a burial allowance of \$2000 for veterans who died of service-related causes. For other veterans receiving VA benefits, VA can pay \$300 for burial and funeral expenses and a \$300 plot allowance.

A U.S. flag for burial purposes is issued for individuals who complete at least one enlistment in the Selected Reserve or National Guard, or who were discharged due to service-connected disability or whose death was the result of service. A flag can also be issued for individuals who at the time of death were eligible for retirement pay based on Selected Reserve or National Guard Service, or would have been entitled had the member attained age 60.

EDUCATIONAL ASSISTANCE BENEFITS**Montgomery GI Bill Chapter 30 (Active Duty):**

You must possess an "Honorable" discharge to qualify under the Montgomery GI Bill program. You must have served at least 24 continuous months on Active Duty, and have contributed either \$1200 to the GI Bill Program for basic benefits, or \$1800.00 for the increased benefits. If the above applies, you will need to apply for your benefits and if accepted, you are entitled to 36 months of benefits. For the most part, benefits end 10 years from the date of the Veteran's last discharge or release from Active Duty.

Montgomery GI Bill Chapter 1607 (Selected Reserve) Reserve Educational Assistance Program (REAP):

REAP is a new benefit providing education assistance to members of the reserve components who are called or ordered to active service in response to a war or national emergency, as declared by the President or Congress. Eligibility will be determined by the Department of Defense or Department of Homeland Security as appropriate. Generally, a member of a reserve component who serves on Active Duty on or after September 11, 2001 under Title 10, U.S.C., for at least 90 consecutive days under a contingency operation is eligible for REAP. Under REAP, you are entitled to 36 months of benefits, and do not have to pay into the program as with Chapter 30. This benefit provides a higher amount of assistance than with Chapter 1606, but not as much as Chapter 30. However, a Veteran is only entitled to REAP benefits as long as they continue to serve as an Active Drilling Reserve Component Service Member, and they must be in good standing with their respective reserve component unit.

Montgomery GI Bill Chapter 1606 (Selected Reserve):

Chapter 1606 is for Active Drilling Reserve Component Service Members who have not been ordered to active duty under Title 10, U.S.C., for at least 90 days under a contingency operation, and therefore do not qualify for Chapter 1607 (REAP). Under Chapter 1606 you are entitled to 36 months of benefits, and Chapter 1606 provides the least amount of assistance.

Post 9/11 GI Bill Chapter 33:

Specifically for Service Members who served on active duty on or after 09/11/2001. To be eligible the Service Member or Veteran must have served at least 90 combined days on active duty after 09/10/01 and remain on active duty, be honorable discharged from active duty, released from active duty and placed on the retired list or temporary disability retired list, or released from active duty for further service in a reserve component of the Armed Forces.

Veterans Retraining Assistance Program (VRAP)

VRAP provides training towards an Associate's Degree, Non-College Degree or Certificate that leads to a high demand occupation as determined by the Department of Labor. VRAP offers up to 12 months of training assistance to unemployed Veterans. Started on July 1st, 2012, the VRAP offers up to 12 months of retraining assistance to Veterans who meet all the following criteria:

- Unemployed
- At least 35 but not more 60 years old
- Have an other than dishonorable discharge
- Not eligible for any other VA education benefit programs (e.g., the Post 9/11 GI Bill, Montgomery GI Bill, Vocational Rehabilitation and Employment)
- Not in receipt of VA compensation due to Individual Unemployability (IU)
- Not enrolled in a federal or state job training program

Survivors' and Dependents' Educational Assistance Program Chapter 35

If you are the surviving spouse or dependent of a veteran/serviceperson who:

- Died or is permanently and totally disabled as the result of a service-connected disability. The disability must arise out of active service in the Armed Forces, or
- Died from any cause while such a service-connected disability was in existence, or
- Is missing in action or captured in line of duty by hostile forces, or
- Is forcibly detained or interned in line of duty by a foreign government of power.

Note: Students who are eligible under Chapter 35 must also **mail** a copy of pertinent information that ties them to the Veteran, (i.e., marriage license, birth certificate, etc.) to the regional office in Muskogee, OK in order to complete the application process.

If a Veteran believes they are eligible to transfer their Chapter 33 benefits to a dependent:

Learn more about transferability on this website: <http://www.military.com/education/gi-bill/post-911-gi-bill-transferability-fact-sheet.html>

Vocational Rehabilitation Program Chapter 31

If you are making a claim for educational benefits under the VA Vocational Rehabilitation Program based on the belief that you have a service-connected disability, follow the steps below to apply for VA Voc Rehab educational benefits. Please visit this website: <http://www.vba.va.gov/bln/vre/>.

Based on the length of active duty service, eligible participants are entitled to receive a percentage of the following:

1. Cost of tuition and fees, not to exceed the most expensive in state undergraduate tuition at a public institution of higher education (paid directly to the school).
2. Monthly housing allowance equal to the basic allowance for housing payable to a military E-5 with dependents, based on the same zip code as the primary school.
3. Yearly books and supplies stipend of up to \$1000 per year
4. A one-time payment of \$500 paid to certain individuals relocating from highly rural areas

For more information regarding Educational Assistance Benefits

or visit the GI Bill website at www.gibill.va.gov

www.myhealth.va.gov/index.html

My HealthVet is VA's online personal health record. It was designed for Veterans, active duty Servicemembers, their dependents and caregivers. My HealthVet helps you partner with your health care team. It provides you opportunities and tools to make informed decisions and manage your health care.

Among the newest features available to Veterans with a Premium Account include VA Notes. These are clinical notes that your health care team records during your appointments or hospital stays. Also available are your VA Immunization records, more detailed lab reports and a list of your current medical issues. These features are in addition to prescription refills, VA Appointments and Secure Messaging – all very popular with Veterans!

**On behalf of the Department of Veterans Affairs
and the Southern Oregon community**

WELCOME HOME!

12 MONTH PERSONAL/FAMILY ACTION PLAN

Reintegrating and transitioning back to civilian life can be challenging. This 12-month plan is intended to further support you and your families in making the transition go as smoothly as possible. We suggest taking a moment and asking yourselves the question, **“What is it that I need?”** (e.g., accessing VA healthcare benefits, scheduling a medical
